## Math Enrichment

### Pre-Algebra

Searching for challenging **Pre-Algebra Enrichment**? This course prepares students for high achievement in Algebra 1 by learning variables, integers/expressions, order of operations, exponents, factorization, ratios and factoring monomials/polynomials. Strong emphasis on critical thinking skills to analyze word problems. Each quarter in 2009-2010 covers DIFFERENT TOPICS. Preview the course, enrich your understanding and improve your grades. Experienced math instructor, small class size.

Age	Day	Time	Dates	Fee*
10-12	Tue	3:45-5:15	4/06-6/01	\$450
10-12	Sat	10:45-12:15	4/10-6/05	\$450

\*\$30 Material Fee

### Math Enrichment

Come and enjoy the satisfaction, joy and thrill of solving REAL world math problems! Students will learn to master creative problem solving strategies, strengthen math intuition and gain exposure to math competition problems such as MATHCOUNTS and AMC 8. Students will learn topics in sequences and series, algebraic equations, probability, geometric configurations and logic. Each quarter in 2009-2010 covers DIFFERENT TOPICS. Experienced math instructor, small class size.

Age	Day	Time	Dates	Fee*
11-14	Wed	4:00-5:30	4/07-5/26	\$315
11-14	Sat	4:30-6:00	4/10-5/29	\$315

\*\$25 Material Fee

## Math Competition

### Math Olympiads

Succeed in Math Olympiads! Designed to help students master major strategies in creative problem solving, strengthen math intuition and gain exposure to math competition problems in sequences, series, principles of divisibility, geometric configurations and logic. Master problem solving techniques and increase student's Math Olympiads score. Each class covers DIFFERENT topics. Experienced math instructor, small class size. *No class 12/26, 1/2*

Age	Day	Time	Dates	Fee*
9-11	Sat	1:00-2:30	4/10-5/29	\$315

\*\$25 Material Fee

### Algebra 1

Searching for challenging **Algebra Enrichment**? In this course students will master algebraic expressions, solve and graph linear inequalities and quadratic equations, perform operations on polynomials, rational and radical expressions. Strong emphasis on problem solving and arithmetic skills. Preview the course, enrich your understanding and improve your grades! On-going course for 2009-2010 school year. Experienced math instructor, small class size.

Age	Day	Time	Dates	Fee*
11-13	Sat	9:00-10:30	4/03-6/05	\$375

\*\$30 Material Fee

### AMC 8

Succeed in the AMC 8 contest! Each week your child will explore a different math topic and/or problem solving strategy in depth, receiving detailed feedback on how to improve. Weekly homework consisting of former contest problems is designed to broaden their exposure to multiple methods of problem solving. Experienced math instructor, small class size.

Age	Day	Time	Dates	Fee*
11-14	Sat	2:45-4:15	4/10-5/29	\$325

\*\$25 Material Fee
